Domeinspecifieke leerresultaten		
Master of Arts in het beeldend onderzoek (master-na-master)	Niveau	:
	o Vlaamse Kwalificatiestructuur	7
	o Codex Hoger Onderwijs	MA
	o Europese Hoger Onderwijs Ruimte (Dublin-descriptoren)	2e cyclus
	o Europees Kwalificatiekader voor een Leven Lang Leren	7

Opleiding wordt aangeboden aan de volgende instellingen:

- Karel de Grote-Hogeschool, Katholieke Hogeschool Antwerpen

Domeinspecifieke leerresultaten van de opleiding:

1. Students demonstrate insight into the interconnectedness of practice and theory, production, presentation and documentation in the contemporary art field. They situate and interpret their own artistic research project within the contemporary artistic discourse.
2. Students are aware of the dynamic interaction between research and the artistic project. They use research as a fundamental production constituent in the development of their artistic practice.
3. Students develop an artist publication, in which they address the research intentions and procedures of their project.
4. Students are able to disclose their visual research through an integrated approach of production and documentation.
5. Students have knowledge of the dissemination mechanisms in contemporary art and are able to implement them in their practice.
6. Students assess the interaction between contemporary art, relevant societal evolutions and ethical values.
